

Help us put Pomona's Pectin on the shelf in your local store – and we'll send you a FREE box!

If your local natural food store or independent grocery store doesn't carry Pomona's and you'd like them to, **simply follow the steps below and earn yourself a free box of Pomona's Pectin.**

Instructions to Receive a Free Box of Pomona's Pectin

1. Download and print the three PDFs: these Instructions, the Submission Form, and the Store Flyer.
2. Go to your local store with the Form and the Flyer and, **if they don't carry Pomona's**, ask them to carry it. Ask to speak with the Grocery Buyer. If that isn't possible, talk to someone else who works at the store. We suggest you tell them why you like Pomona's Pectin, what is unique about it, and that you'd like them to carry it. If you think others in your community will buy it, you could tell them that also.
3. Give the Grocery Buyer the Promotional Flyer, or ask the person you speak with to pass it on to the buyer. Please leave the flyer at the store. If all you can do is fill out a request form, ask to staple the flyer to the form.
4. While you are at the store, fill out the top part of the Submission Form. We need this information about the store in order to follow up your visit with a phone call encouraging the store to order.
5. Fill out the bottom part of the form. We need this information to send you your free box of pectin. **Only individuals who fill out the form completely will receive a free box.**
6. Mail the completed form to: Workstead Industries, PO Box 1083, Greenfield, MA 01302; or fax it to 206-350-8869; or scan and email it to: info@pomonapectin.com.
7. Please allow one month from submission to receive your free box of pectin.
